General Notes

1. If you haven't driven the route before, you will need to plan on doing a ride along prior to your first week.
2. If you cannot cover your week, we ask that you contact Robert or Duke to let them know. If you swap with someone else, let them know this also.
3. We will try to keep the same rotation, which means we will drive once every 8-weeks.
4. If there are special events which means the Vans are both out of town, we obviously won't be able to run the route.
